Octavia Chandelier

By Visual Comfort Modern

Description

The Octavia Chandelier is crafted with precision and style, pairing a sleek metal framework with domed metal shades that exude modernity while preserving a timeless essence. Its unique silhouette adds a touch of grandeur to any space. Crystal diffusers within the shades disperse the LED light, providing a glow of ambient illumination. TRIAC, ELV, and 0-10V dimmable. This item is made of natural brass, a living finish that will patina and warm over time, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish.

Specifications
