## Cymbal Wall Sconce

By Visual Comfort Modern

### Description

The Cymbal Wall Sconce brings modern indirect LED lighting to life through a simple yet distinctive architectural silhouette. A bold linear band holds a curved brass disc and houses a cleverly concealed integrated LED light source. Light is emitted into the oversized brass shade, providing beautifully soft indirect illumination that casts people and spaces in a flattering glow. TRIAC, ELV, and 0-10V dimmable. The Natural Brass is a living finish that will patina and warm over time, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish.

### Specifications
