Helium Multi-Light Chandelier

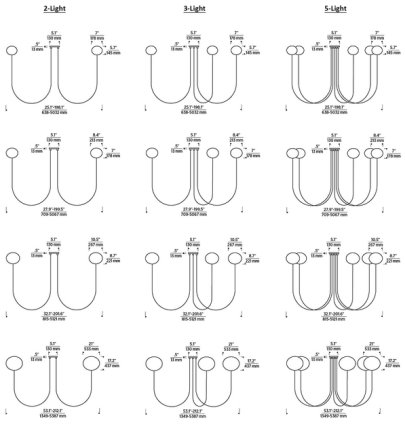

By Visual Comfort Modern

Description

With its glass globes that appear to float like balloons, the Helium Multi-Light Chandelier is a modern sculptural piece that adds an artistic, whimsical touch to your space. Hidden attachments and a low profile canopy remain discreet, while the draped cables and glowing glass elements bring the playful yet elevated concept to life. TRIAC, ELV, or 0-10V dimmable.

Shown in matte black / opal etched
