Lassell Round Multi-Light Chandelier

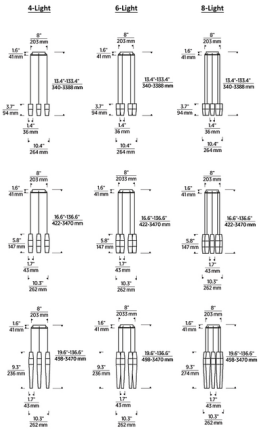

By Visual Comfort Modern

Description

The Lassell Round Multi-Light Chandelier draws the eye as a centerpiece in contemporary environments, combining modern flair with a hint of mountain lux style. A suspension of LED lights with laser-etched crystal diffusers, the Lassell disperses warm ambient illumination and offers texture and dimension as light filters through the crystal. The lights can be hung at a uniform level or staggered in height for a dramatic effect. This chandelier makes a chic contemporary statement in your entryway, living room, or stairway. Includes a 120-277V driver, TRIAC or ELV dimmable. The Natural Brass is a living finish that will patina over time. If it becomes uneven or spotty, a brass cleaner can restore the finish.

Shown in natural brass / clear
