# Colorscaping RGBTW Smart In-Ground Light 15V

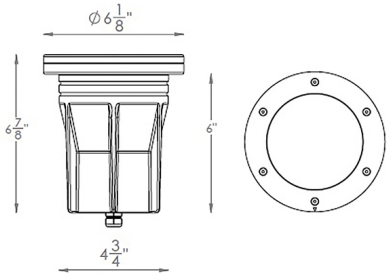

By WAC Lighting

## Description

Celebrate artful illumination and transform your outdoor space with the Colorscaping In-Ground Light. Create personalized lighting experiences with tunable white light that complements your building facade, or select from an endless palette of subtle or vivid colors for entertaining or holiday displays. The pure white light can be tuned from 2700K to 6500K, and millions of RGB colors are available. This smart light can be controlled through the MyWAC app via WiFi or wired ethernet. App functions include adjusting dimming and color, and creating scenes, groups, and schedules. The light can also be controlled using DMX 512. With its corrosion-resistant aluminum alloy or brass construction, this light is engineered to withstand challenging outdoor conditions including marine and coastal environments. The Bronze on Brass option is solid brass coated in bronze, offering enhanced protection in coastal areas. Note: A WAC Colorscaping smart transformer is required, sold separately.

Shown in bronze on brass / frosted
