Colorscaping Smart Magnetic Transformer 15V

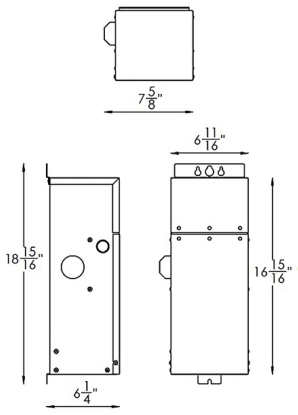

By WAC Lighting

Description

The Colorscaping Smart Magnetic Transformer is used with WAC Colorscaping landscape lights to create your smart lighting system. It provides multiple methods for controlling Colorscaping lights, through the MyWAC app using WIFI or wired ethernet, or through DMV 512. App functions include adjusting dimming and color, and creating scenes, groups, and schedules. Existing legacy WAC landscape fixtures can also be connected to this transformer to make them smart and controllable through the MyWAC app.
