Landscape Magnetic Low Voltage Dimmer 12-15V By WAC Lighting

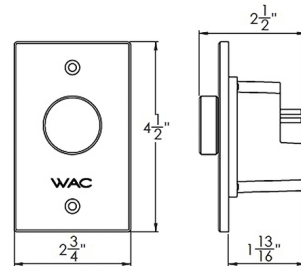

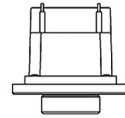

Description

This Landscape Magnetic Low Voltage (MLV) Dimmer can be used for dimming WAC landscape fixtures. It installs in a single-gang deep weatherproof junction box on the low-voltage side of a magnetic step-down transformer. It features corrosion resistant aluminum alloy construction and has an IP 63 rating. Dimmer range may vary depending on the load. Includes a dimmer plate, gasket, wire nuts, and mounting screws. Does not include a junction box or transformer.
