Twist-N-Lite Color-Select Mini Acrylic Wall / Ceiling Light

By WAC Lighting

Description

The Twist-N-Lite Mini Ceiling / Wall Light with Acrylic offers high performance in a sleek, compact form factor. The LED light passes through a dual-layer clear and white acrylic diffuser, providing a soft, even glow. Color temperature can be adjusted to 2700K, 3000K, 3500K, 4000K, or 5000K using a switch in the fixture. Can be mounted on ceiling or wall in all orientations. TRIAC and ELV dimmable. This flush mount is part of the Twist-N-Lite system, in which a single flexible canopy accommodates all ceiling light and pendant fixtures. Once the canopy is installed, you can simply twist the fixture on to lock it into place, or twist it off for removal. Effortlessly swap out fixtures in the field to suit your lighting applications. This innovative system elevates multifunctional illumination to the next level.
