Ovo Portable Table Lamp

By Lumio

Description

The Ovo Portable Table Lamp is a versatile, multifunctional fixture that will add a playful accent to any space with its clever design. The lamp's body is reminiscent of a seesaw, with a domed 3000K LED task light on one end and a 2700K ambient LED within a white glass globe on the other. The LEDs can be turned on by raising their side of the lamp, changing the function of the lamp with a simple gesture.A built-in touch dimmer allows the brightness to be set to 100/75/50/25%, and its USB-C rechargeable battery provides portability to set the atmosphere wherever the lamp is needed most.

Shown in matte gold / white
