Rue De Bac Butterflies Sculpture By Currey & Company

Description

The Rue de Bac Butterflies Sculpture features lovely encased specimens made of blue paper with black accents that are displayed within a clear glass dome. Sitting atop a wood base in a black finish, the bright sculptural object, named for the Parisian street on which a famous French taxidermy is located, the artful butterflies that flutter in this sculpture would feel right at home in that cabinet of curiosities that holds some of the most remarkable wonders of entomology.
