Gold Hummingbird Sculpture Set of 3

By Currey & Company

Description

The Gold Hummingbirds Set of 3 sculptures are playful figures that look like origami, though they are made of bronze in a gold polish finish to resemble folded paper forms. The way the sculptures are perched on black rods that affix them to acrylic bases furthers the impression they are hovering as real hummingbirds gracefully do. This set of gold sculptures captures the birds in different stages of flight.

Shown in black / clear / gold

Specifications
