Carson Bench By Currey and Company

Description

The Carson Bench is made of concrete in an ivory terrazzo finish, the combination making it both sleek and durable for outdoor room, terraces and loggias. The ivory bench is created in pieces in a mold and then built so it is solid and sturdy. The concrete is mixed with tempered glass fibers that read as soft amber and metallic flecks embedded in the surface, adding a hint of glint to this sleek piece.

Shown in ivory
