## Colette Cabinet

By Currey and Company

### Description

The Colette Cabinet is made of poplar wood that is covered in Eucalyptus veneers with a beautiful linear texture to them, heightened when finished in a tawny brown. Elevating the sophistication of the three-door cabinet is a high-gloss luster on the exterior. The luminous beveled mirror accents, which sit proud on the surface of the cabinet, are surrounded by stainless steel rings in a polished brass finish to match the ferrules on the legs. The 3 soft close doors open to 4 adjustable shelves.

Shown in polished brass / tawny brown / mirror
