Apricity Wall Light By Currey and Company

Description

The Apricity Wall Sconce is simplicity personified. Its most dramatic feature is a travertine disc that surrounds the frosted white glass globe, bringing warmth to the glow that will reflect on the natural stone's surface. The metal hardware in an antique brass finish all but disappears on the round tan sconce. Because travertine is a natural material, the surface of the disc will vary slightly.

Shown in antique brass / travertine / frosted
