Beatrix Wall Light By Currey & Company

Description

The Beatrix Wall Light features a center column made of natural stone that extends beyond each end of the wall-plate to hold globes made of textured art glass. The milky, mottled glass draws out the pale veins in the stone, while the metal accents brings warmth to the fixture. This wall sconce can be mounted horizontally or vertically, and the natural stone will vary from fixture to fixture.

Shown in antique brass / travertine / white
