## Weststrand Table Lamp

By Currey and Company

### Description

The Weststrand Table Lamp has a flowing shape packed with personality. The spoon-like swells pressed into cast concrete create an artistic statement because they are far from uniform, which adds interest to the squashed shape of the rugged-looking gray lamp. The surface has a wonderful texture to it, and the light antique brass finish on the hardware draws out similar tones along the surface of the cement. 1-way turn knob.

Shown in grey / beige

### Specifications
