Water Borne Table Lamp

By Currey & Company

Description

The Water Borne Table Lamp, with its flowing peaks and valleys, looks like a gushing stream in the springtime. Made of ceramic, the artful composition is covered in a forest reactive glaze with green hues filling the valleys and tan tones enlivening its peaks. The green lamp rises from a metal base in an antique brass finish and a matching finial fastens the drum shade to the fixture. 3-way turn knob.

Shown in antique brass / forest reactive / natural
