Beside Floor Lamp By Currey and Company

Description

The Beside Floor Lamp extends up from a solid block of white marble, while thin ribs of metal form an implied rectangle make this lamp one you will not want to hide behind a piece of furniture. Because there are cut-outs at the bottom of the base, it can be turned left- or right-facing and the cord will flow through the space in the back. The antique brass finish on the metal makes it a warm contrast to the coolness of the stone and draws out the natural veining of the same color. 3-way turn knob.

Shown in antique brass / white / white
