## Bismarkia Drum Chandelier By Currey and Company

## Description

The Bismarkia Drum Chandelier was inspired by the noble Bismarkia palm, with its oversized fronds. Marjorie Skouras, who designed the chandelier, has stayed true to her love of nature for this creation. Her passion for the Yucatan, the surroundings in which she lives and through which she translates the flora and fauna into dynamic products in her studio, shines in this steel fixture covered in gesso white. The spiky ornamentations that splay around the bulbs bring immediate texture to the white chandelier.
