Gyges Ceiling Light

By Currey and Company

Description

Inspired by a piece of Indian jewelry, the pattern flowing along the outer edge of the Gyges Ceiling Light is designed to ornament like a necklace would a person. The decorative elements, frame, and finial are made of brass-finished wrought iron, surrounding the opaque white glass shade with warmth. The dense opacity of the shade creates a beautifully uniform glow when the lights are switched on, making this gold flush mount radiant.

Shown in brass / white
