Baleia Chandelier

By Eurofase

Description

The Baleia Chandelier draws inspiration from rocks that have been shaped by wind and water over a lifetime. Its steel shade is hand-hammered to depict the irregular, beautifully amorphous shapes and intriguing surface patterns found in nature. The shade interior is finished in a brilliant hand-laid crackled gold, contrasting with the matte exterior and reflecting the light downward. Note: The 18 and 24 inch sizes are only available in Black finish. The 36 inch size is only available in White finish.

Shown in black
