## Traiton Chandelier

By Eurofase

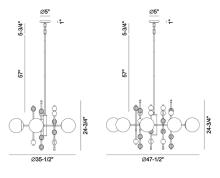

## Description

The Traiton Chandelier is inspired by fashionable couture jewelry crafted out of Czech glass beads, which first rose in popularity in the mid-1500s. The radiant chandelier honors the craft through its intricate structure of metal rods embellished with glass bubbles in varying sizes and textures. Try clear globe bulbs (not included) to keep with the motif. Tastefully presenting both classic and modern aesthetics, the Traiton accentuates your space like a well-chosen piece of jewelry.

Shown in gold / clear
