## Traiton Wall Sconce

By Eurofase

### Description

The Traiton Wall Sconce is inspired by fashionable couture jewelry crafted out of Czech glass beads, which first rose in popularity in the mid-1500s. The radiant fixture is made of a slim metal rod embellished with glass bubbles in varying sizes and textures, mimicking a string of beads. Try a clear globe bulb (not included) to keep with the motif. Tastefully presenting both classic and modern aesthetics, the Traiton accentuates your space like a well-chosen piece of jewelry.
