## Traiton Double Wall Sconce By Eurofase

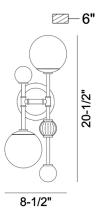

## Description

The Traiton Double Wall Sconce draws inspiration from fashionable couture jewelry crafted out of Czech glass beads, a style that blossomed in the mid-1500s. This radiant wall light pays homage to the artistry with its intricate design of metal rods embellished with glass bubbles of varying sizes and textures. For a cohesive look, consider using clear globe bulbs (not included). Balancing classic and modern aesthetics, the Traiton enhances your space like a well-chosen piece of jewelry. The configuration can be flipped to change the positions of the bulbs.
