Aura Pendant

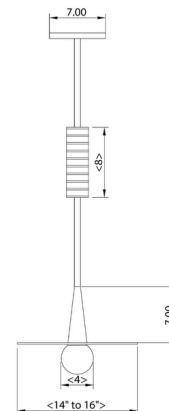

By Kalin Asenov

Description

The Aura Pendant produces an enchanting glow thanks to its half-frosted glass globe diffuser set beneath a gray-tinted glass disk. A streamlined brass cone connects the shade to the rigid downstem, which is accented with a black marble cylinder and canopy for a luxe, modern look. As each pendant is crafted from handblown glass, slight variations in size and shade may occur. The shade width is approximately between 14 and 16 inches. Overall height specified to order.

Shown in brass / gray
