CM1 Cylinder Hang Straight Adjustable Ceiling Light

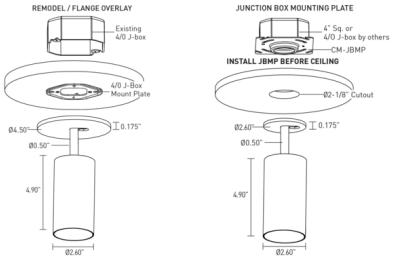

By Lucifer Lighting

Description

The CM1 Monopoint Hang Straight Adjustable Spot Light offers excellent performance in a sleek, streamlined package. An innovative design with an elbow built into the fixture body allows the cylinder to be adjusted 90 degrees to direct the spotlight precisely where it is needed. Note: Includes a 3 inch stem. Mounts to standard 4 inch junction box in remodel applications with surface canopy, or in new construction with 2.5 inch canopy and universal junction box mounting plate which attaches to standard junction box before ceiling substrate is installed. Integral driver dimmable with ELV / Triac dimmer. Includes soft focus lens. Note: Warm Dim color temperature available in 40 degree beam angle option only.

Shown in brushed obsidian / black baffle
