Ambrosia Linear Suspension with Remote Power and Cover Plate By Marset

Description

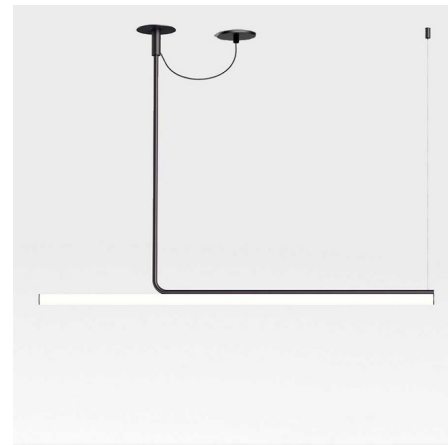

The Ambrosia Linear Suspension with Remote Power and Cover Plate is a contemporary re-imagining of classic Linestra-style linear lamps that showcases how a function-forward, technical design can also offer a poetic decorative expression. At the center of the design is a tubular methacrylate diffuser, which is lit from within by integrated LEDs to produce gentle illumination suitable for a wide variety of applications. Ambrosia's sleek metal frame gracefully curves upward into the downstem which supports the pendant from the ceiling. This version of the Ambrosia Linear Suspension includes a remote power supply with a round junction box cover plate. Wire can be fed through the cover plate to the remote power supply within the ceiling, allowing the suspension to be installed away from the junction box if necessary.

Specifications

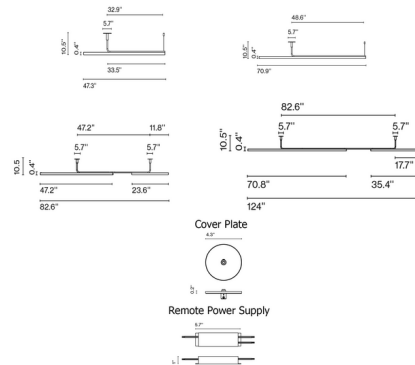

COLOR N/A
 BODY FINISH Black
 WATTAGE 19.2W
 DIMMER 0-10V
 DIMENSIONS 47.3"L x 0.4"W x 26.2"H
 INTEGRATED LED MODULE 1 x LED/19.2W/24V LED
