Ambrosia Linear Suspension with Surface Canopy 0-10V

By Marset

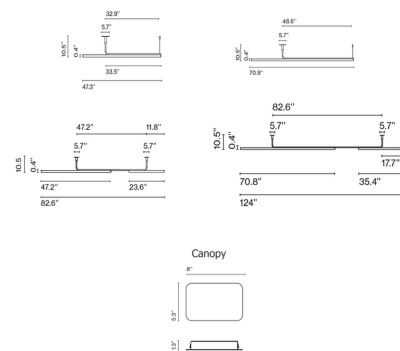

Description

The Ambrosia Linear Suspension with Surface Canopy is a contemporary re-imagining of classic Linestra-style linear lamps that showcases how a function-forward, technical design can also offer a poetic decorative expression. At the center of the design is a tubular methacrylate diffuser, which is lit from within by integrated LEDs to produce gentle illumination suitable for a wide variety of applications. Ambrosia's sleek metal frame gracefully curves upward into the downstem which supports the pendant from the ceiling. This version of the Ambrosia Linear Suspension includes a rectangular surface mounted canopy, which is installed on a junction box and houses the power supply (0-10V dimmable). The canopy may be mounted on the wall or ceiling.
