Tubelight Linear Pendant By Moooi

Description

The Tubelight Linear Pendant offers a modern reinterpretation of linear fluorescent lighting made possible by cutting edge LED technology. The linear frame holds a silicone LED tube, which projects light along the length of the fixture. Available with a Fixed, short LED tube in a preset arc or a Flexible, long LED tube that can be shaped as desired. The Flexible option includes a mounting clamp that allows the tube to be attached to the wall or ceiling, or the tube can be draped over the fixture itself. Note: Dimmable only with Wireless Wall Dimmer Switch II by Moooi.
