Circus 500 Pendant

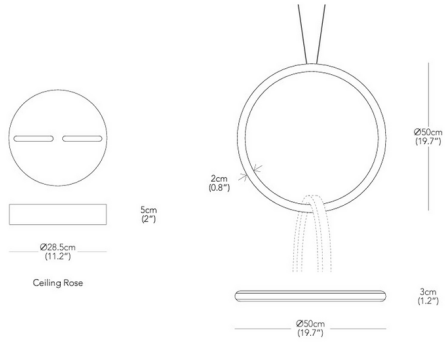

By Resident

Description

The Circus 500 Pendant, designed by Resident Studio, is a remarkable, theatrical, and truly flexible system of interconnected rings. Each Brass ring projects an elegantly diffused warm LED light outwards around a 360 degree plane. The revolutionary plug and play system allows for power sharing between rings and a large range of variations to suit spaces of various shapes and sizes. Available with two, three, four, five, or six rings. Both the Brass and Matte Black finishes include a Matte Black Aluminum canopy. Includes a 24V DC driver, dimmable with a 0-10V dimmer.

Shown in brushed brass
