Harpe Pendant

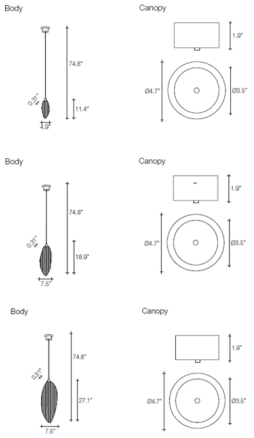

By Terzani USA

Description

The Harpe Pendant was inspired by the days designer Christian Lava spent watching clouds and looking for shapes in their forms. On days where a thick blanket of clouds covered the sky, sunlight would poke through in long rays reminiscent of a harp's strings. Harpe evokes this memory with an irregular, organic frame accented by vertical rods that create a striped pattern of shadows. Medium size is not available in 2700K.
