Ethereal Rose Mirror

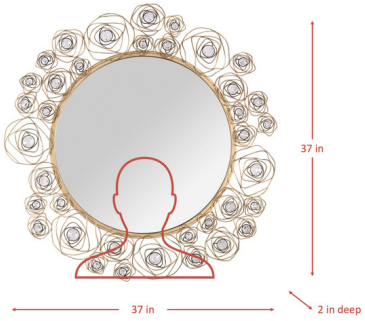

By Varaluz

Description

A rose is a rose is a rose, until of course, it is reimagined by Varaluz in the Ethereal Rose Mirror. Inspired by a drawing that appeared in the Japanese design magazine, Shin-Bijutsukai (New Oceans of Art), Ethereal Rose marries swirling lines of varying thicknesses and irregular curves with a mid-century metal work technique. At the center of each rose is a multi-faceted round optic quality crystal element. The hanging stems and secondary canopy complete the wispy design motif. A Havana Gold hand-painted multi-layered finish features a unique ombre that gets darker with additional antiquing around the crystal centers.
