Camella Ceiling Semi Flush Light

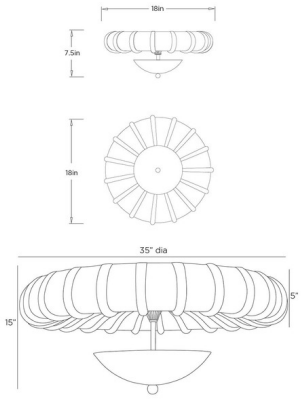

By Arteriors Home

Description

The Camella Ceiling Semi-Flush Light showcases a serene sunburst-inspired design that brings subtle sophistication to any space. A beautifully textured ricestone composite disc surrounds a sleek steel mount, creating a harmonious balance of form and material. Thoughtfully designed to allow light to gently wash across its curved surface, the fixture emits a soft, ambient glow that enhances its sculptural presence. A refined spherical finial completes the design, adding a distinctive finishing touch.
