Double Floor Lamp

By Brokis

Description

The Double Floor Lamp features an elegant silhouette comprised of a harmonious pairing of glass and metal. The glass diffuser base encircles an integrated LED light source and is topped with a indented metal cap to aid in light reflection from the bottom LED. A square tube with an LED lamp head rises from the base to provide lighting from above as well as below. A Tunable White dimmer switch on the cord allows the color temperature of the light to be adjusted (2700K-6500K) as well as the brightness.
