Trottola Table Lamp

By Brokis

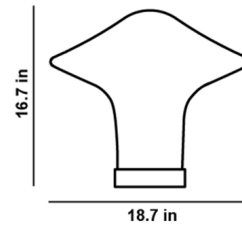

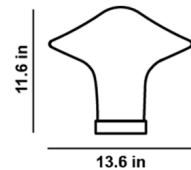

Description

The playful silhouette of the Trottola Table Lamp is inspired by a popular children's toy: the spinning top. The lamp's built-in LED shines through an interior opal diffuser and the opaline glass exterior to create an enchanting interplay of light and shadow. The dimmer switch on the cord allows both the brightness and color temperature (1800K - 6500K) to be adjusted to create the perfect ambiance for any space.

Shown in black anodized / opaline
