Continuum Track Tube Pendant

By Et2

Description

The next generation of track lighting is here with the ultra-slim Continuum Track Tube Pendant. Field adjustable track lengths can be extended, connected, or cut to fit the space they are installed. On them, a variety of low voltage light sources can be quickly snapped into place adding and directing light exactly where desired. Track lengths can even be painted to match the exact paint color of the surfaces they are installed. This adaptable track system makes it simple to design the lighting in your space according to your vision and is only limited to your imagination.

Shown in natural aged brass
