Belt Linear Pendant

By Et2

Description

The articulating LED Belt Linear Pendant finished in Matte Black that can extend or shorten according to the length required for various applications. Expand the lighting surface by pulling the panels at opposite ends away from each other. As the light source wraps around the edge of the panels, it casts light both upward and downward along its shape. Perfect for multipurpose areas, above a kitchen island or dining table, it is ideal when measurements fall between sizes or require flexibility, allowing you to precisely customize the pendant's width to the required measurements. Dimmable via Triac or electronic low voltage (ELV) dimming.
