Visio Suspension

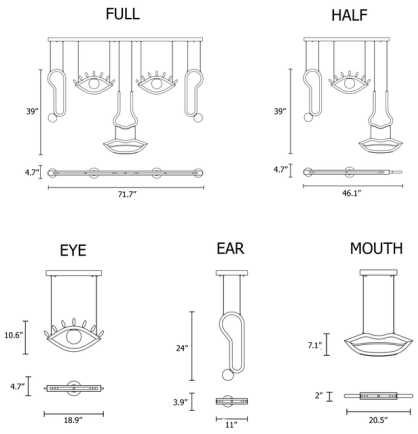

By Masiero

Description

The Visio Suspension takes the shape of a cartoonish face for a uniquely playful expression. The simple lines of the eyes, nose, ear, and mouth are crafted from bent metal tubes and accented with white Murano glass diffusers. The eyes and ears feature glass globe diffusers, while the nose and mouth feature linear strips along their length. Available as Full Face, Half Face, or individual Ear, Eye, and Mouth pieces to create custom configurations. The Full and Half faces are suspended together from a single canopy.
