Regent Wall Sconce

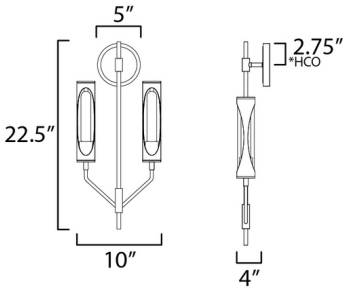

By Maxim Lighting

Description

Glamourous and modern, the two-toned Regent Wall Sconce plays with form and scale. A layered composition of materials, tubular lamps are protected within glass tubes sheathed in metal shades with oval cut-outs that reveal the light source. The sconce is over-scaled for dramatic applications. The vibrant color palette plays with contrast and exudes luxury. Dimmable via Triac or electronic low voltage (ELV) dimming.

Shown in aged brass / light gray / clear

*Height from center of outlet to the top of the fixture
