Spectre Color Select Wall Light
By Maxim Lighting

ADA · ETL · DAMP · JA8 TITLE 24 · [icon]

Description

Panes of clear ribbed glass are secured with oversized knurled Natural Aged Brass pins on a Matte Black frame in the Spectre Wall Light. Obscured by the glass texture, the integrated LED is not only soft on the eyes but also provides an abundance of illumination. The vanity light features an easily accessible 5-CCT (2700K, 3000K, 3500K, 4000K, 5000K) toggle switch that allows you to set different light color temperatures during or after installation. Dimmable via Triac or electronic low voltage (ELV) dimming at 120V.
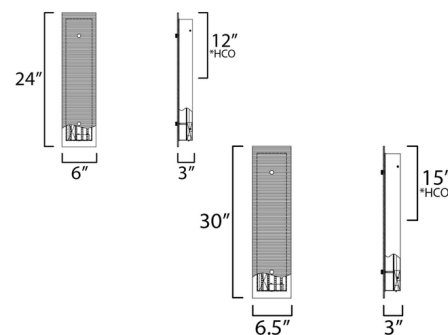

Shown in aged brass / black / clear ribbed
