Countermax 5K Color-Select Adjustable Under Cabinet Light

By Maxim Lighting

Description

The Countermax 5K Color-Select Adjustable Under Cabinet Light is a simple, functional piece, perfect under any cabinet in your house. Features two (2) 3 prong sockets, on the top to easily use your fixture as needed. On/Off switch on the top to easily use your fixture as needed. Match your mood with your lighting by switching between 5 color temperatures: 2700K, 3000K, 3500K, 4000K, and 5000K. All are 90+ CRI for accurate color rendering when compared to natural light. Set the mood when entertaining with a warmer color temp or brighten the area with a cooler white. The 5K has a patented gimbal design to allow light to be directed where you want it giving an even light distribution without any hot spots. Features include: Gimbals allows light to rotate 120 degrees. Easy to install multiple 3/8 knockouts for direct wire. Link end to end or with a connector cord. Connect to 750 max watts from one power supply. Note: Color temperature switch allows you to adjust between 2700K/3000K/3500K/4000K/5000K.

Shown in satin nickel / white
