Windsor Outdoor Post Light By Maxim Lighting

## Description

Inspired by the rounded towers of Windsor Castle, the Windsor Outdoor Post Light features a handapplied Black Patina finish on Stainless Steel. A slotted filigree along the top of the cylinder frame allows light to escape, while the clear seeded glass obscures the light source enough to soften the glare a light bulb casts. Dimmable via Triac or electronic low voltage (ELV) dimming. Note: Post is required and sold separately.

Shown in black / clear seedy
