Cabana VX Outdoor Post Light

By Maxim Lighting

Description

A dual framed structure creates dimension on the Cabana VX Outdoor Post Light that is both contemporary and transitional. The construction consists of two frames of square tubing and squared components. The inner frame's Clear Seedy glass reduces glare from the light and appears dirt-free for longer periods. This is a comprehensive fixture to brighten all areas of your outdoor space designed for harsh climates. Dimmable via Triac or electronic low voltage (ELV) dimming. Note: Post is required and sold separately.

Shown in black / seedy glass
