Cabana VX Outdoor Ceiling Light By Maxim Lighting

Description

A dual framed structure creates dimension on the Cabana VX Outdoor Ceiling Light that is both contemporary and transitional. The construction consists of two frames of square tubing and squared components. The inner frame's Clear Seedy glass reduces glare from the light and appears dirt-free for longer periods. This is a comprehensive fixture to brighten all areas of your outdoor space designed for harsh climates. Dimmable via Triac or electronic low voltage (ELV) dimming.

Shown in black / seedy glass
