## Lampe De Bureau Plug-In Wall Sconce By Nemo

## Description

Originally designed in 1965 by Charlotte Perriand, the Lampe De Bureau Wall Sconce is perfect for illuminating a desktop or providing reading light next to a chair or sofa. The interior of the cylindrical glass shade is finished in white to preserve the natural color of the light, while the exterior of the shade lights up with a colorful glow. The shade and stem rotate 140 degrees side-to-side to direct light precisely where it is needed. One/off switch on top of lamp.

## Specifications
