Tube Wall Sconce - Overstock By Martinelli Luce

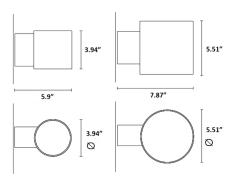

Description

The Tube Wall Sconce produces direct and indirect light that comes from the top and bottom of the fixture. The lamp is mainly used in dark spaces where a small amount of ambient light is needed. Body of fixture is crafted from resin with a satin glass diffuser. Note: Includes a metal plate that attaches directly to a 4 inch J-Box (not shown in image). NOTE: This is a discontinued model and limited to quantity on hand.

Shown in white / satin
