PH 3/2 Table Lamp

By Louis Poulsen

Description

The PH 3/2 Table Lamp, designed by Poul Henningsen, is based on the principle of a reflective three shade system, which directs the majority of the light downwards. The shades are made of hand-blown opal three layer glass, which is glossy on top and sandblasted matte on the underside, giving a soft light distribution. On/Off switch on cord.

Shown in pale rose / brass / pale rose
