Thin-Line 96 Inch One-Sided Wall Light - Overstock

By SONNEMAN - A Way of Light

Description

Sleek and minimal in form, the Thin-Line Wall Light embodies geometric architectural style and integrates beautifully into modern spaces. Use it to illuminate a range of areas including commercial settings, living rooms, bathrooms, and hallways. It is made of aluminum with an optical acrylic diffuser and can be installed horizontally, vertically, or in any other orientation. One-sided directs light in a single direction, creating an uplight or downlight. Note: Thin-Line does not mount to a US junction box and the included LED driver must be installed in a remote accessible location near the fixture.

Shown in satin white / white acrylic
