LINE Edge Lit 30IN Undercabinet Light - Overstock

By WAC Lighting

Description

LINE LED Edge Lit Task Light is perfect for highly reflective surfaces such as stainless steel or polished stone and produces an evenly diffused light with asymmetrical distribution at 30 degrees to cover the task plane. With a super low profile and high output, low power consumption, LINE LED is ideal for under cabinet and niche lighting. Abrasion resistant Brushed Aluminum finish with polycarbonate lens in a 30 inch length. Each section includes one I connector and connection clip to facilitate longer layouts. Free of projected heat and UV and IR radiation. High/low switch included and dimmable down to 10% with low-voltage electronic dimmers for optimal lighting control. Class 2 electronic transformer required, sold separately- 120V AC input, 24V output. Note: This is a discontinued model and limited to quantity on hand.

Specifications
