Outrack Garota Outdoor Multi Light Linear Pendant By Bover

Description

The Outrack Garota Outdoor Multi Light Linear Pendant is the perfect addition to any patio or outdoor space. This unique fixture features a row of four sea urchin-shaped shades handwoven out of recyclable, non-toxic synthetic polyethylene fibers. The light sources are protected by UV-resistant polyethylene globes within the shades for weather resistance in outdoor applications. With its warm glow, the Garota creates a relaxing setting for an evening gathering. The pendants are suspended from Bover's innovative Outrack system, which easily allows the pendants to be taken down and stored during the offseason months without disassembling the entire system. A track canopy, remote 24V power supply, and four pendants are included.
